Please note, the cost of consumable materials have increased significantly and general funds for these materials have decreased. This has resulted in a change to delivery models in several of our project-based courses and departments. All students will continue to be provided with materials to complete basic projects for course credits. Students will be given the opportunity to purchase materials if they choose to complete an enhanced project. Specific details will be provided by teachers in their course outlines.

For access to the hardship policy, please contact Mme Chantal St Jacques at 365-7735 ext. 301. All inquiries will be handled in a discrete and respectful manner.
